TERMS OF SALE.

PHILADELPHIA, January 21, 1907.

All bills purchased after this date will be charged at the prices quoted herein,—unless special offers are made by letter or telegram and referred to in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

Terms of Credit.—To regular customers and well-known houses of established credit, all bills bought from this catalogue are due June 1st, without regard to date of purchase. All accounts are subject to sight draft on June 10th, if payment is not received previously by mail. Goods purchased after June 1st are payable on October 1st and subject to sight draft.

Bills purchased on special quotations, made by letter or telegram, are net sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

Grass and Clover Seeds, Onion Sets and Seed Potatoes in quantity, are invariably net cash.

Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

Cash Discount.—We allow a discount of **Five Per Cent.** on orders accompanied by a cash remittance, and also on all bills (at catalogue prices) paid within ten days from date of invoice, or a discount of **One Per Cent. a month** on all bills (at catalogue prices) if paid before June 1st.

The Prices Quoted are those ruling at this date. We expect to adhere to them through the spring, except where important changes compel us to advance or reduce our prices, when we shall be governed by the market. **10 lbs. and more will be supplied at the rates per 100 lbs.; $\frac{1}{2}$ lb. and $\frac{1}{2}$ bushel at pound and bushel rates; but smaller quantities will be charged at a higher rate.**

NO CHARGE for Packing or Cartage.—Bags and boxes are charged at Cost. After delivering to forwarders in good order (as shown by Bill of Lading) our responsibility ceases.

Insurance will be effected only when so directed.

SEALED PACKAGES.—We make no charge for sealing pounds, pecks, or bushels, but at the low bulk prices quoted therein, we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

In Ounces.—One cent per ounce, 50 cts. per 100 ounces.

In Quarter-Pounds, Pints, and Quarts.—Two cents for each package.

In Two-Quarts and Four-Quarts.—A charge of three cents per package.

WE DO NOT COMMISSION SEEDS.—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission.** Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

Discounts

TO THE TRADE From our Retail Prices.

In our retail Catalogue—**BURPEE'S FARM ANNUAL FOR 1907**—are many varieties of seed and books for which frequently other Seedsmen receive retail orders. We supply

**All Seeds in Packets at 50 Per Cent. Discount.
500 Packets or more at 60 Per Cent. Discount.**

Small quantities from our retail Catalogue, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

Seeds by the Ounce,	-	-	-	-	40	per cent. discount
Seeds by the Quart or Pint,	-	-	-	-	33$\frac{1}{3}$	"
Seeds in Collections,	-	-	-	-	40	"
Potatoes by the Pound,	-	-	-	-	40	"
Bulbs in Collections,	-	-	-	-	20	"
Roses and other Plants,	-	-	-	-	20	"
BOOKS on Garden Topics,	-	-	-	-	40	"

At the above liberal rates of discount the goods travel at expense of purchaser, and when sent by mail the cost of postage will be added to the invoice.

Cable Address, BURPEE, Philadelphia.

THE BURPEE-QUALITY IN SEEDS

"THE BURPEE IDEA is *to try all things*, hold fast to those that are good,—and then *make them better.*"

Burpee's Seeds Grow and are the Best Seeds that Grow

QUALITY is our first aim. Money-making, while necessary and important, is a secondary consideration. We could easily sell most varieties of seeds at one-fourth less, and a number at even one-half our present prices and yet make a larger margin of profit. But then we should be compelled to produce cheaply, and while the seeds might be true to name,—“honest but poor,”—they would not satisfy critical planters who seek either pleasure or profit from the garden. It is always false economy to try to save on the first cost of seed, as this is relatively a small expense compared with cost of labor in cultivation and the radical difference in value of the resulting products.

PHILADELPHIA, PA., January 21, 1907.

To Dealers in Seeds:

The remarks above are reprinted *verbatim* from BURPEE'S FARM ANNUAL FOR 1907,—a copy of which has already been mailed to you. Our purpose in repeating here is to emphasize the fact that we supply identically the same stocks to merchants who order from us. The fact that,—**without any travelers on the road**,—our wholesale trade is increasing even more rapidly than our retail business, shows that more and more dealers are constantly learning that **it pays** to make competition on **quality**, rather than on price.

Unlike most “seedsmen,” we are **actual GROWERS of Seeds**, having our own farms in Pennsylvania and New Jersey, supplemented by private contracts throughout America and Europe, subject also to our personal inspection.

The prices in this catalog have been carefully fixed on the basis of actual values, yet we are always prompt to quote **special prices** by mail or telegram. Please write or wire us if you are offered first-class seeds, by reputable seedsmen anywhere, at lower prices. Trusting to be favored with your orders, we remain,

Yours truly,

BURPEE BUILDING:

475 and 477 North Fifth St.,
476 and 478 York Avenue.

OTHER WAREHOUSES:

BURPEE, Philadelphia,

Is Our Registered Cable Address.

All foreign customers are requested to advise us of their **shortest cable address**. Customers in America who wish to telegraph will also, occasionally, find it useful to use the following additional code. Please note the **code=words** below that would be used in our **reply**, either by cable or telegram.

FOR OFFERS AND INQUIRIES.

CODE-WORD.	TRANSLATION.
Daubling	Telegraph your lowest prices for
Dean	Mail your lowest prices for
Decoy	Mail your lowest prices for, and send samples.
Defend	Telegraph when goods can be shipped.
Defender	Advise immediately by mail how soon goods will be shipped.
Deform	Can you offer for acceptance by mail ?
Deject	Can you offer any ? If so, telegraph prices.
Delude	Can you offer any ? If so, mail prices.
Derange	Telegraph quantities you can offer of following, with prices.
Descend	State by letter quantities you can offer of following, with prices.

Code-words that will be used in OUR ANSWERS.

Dab	{ In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations the varieties named below, provided they are unsold upon receipt of your order.
Dacite	We accept your order for
Dagger	We accept your order for, and shall ship at once.
Dainty	We accept your order for, and shall ship as directed.
Damsel	We offer you for immediate acceptance, subject to being unsold.
Dance	We accept your offer and shall ship as directed.
Dapper	Cannot accept your order for
Dapple	{ Part of your order went forward by freight on expect to ship balance
Darby	{ Part of your order went forward by express on expect to ship balance
Dardanus	Please repeat your message, it is not clear.

Code for positive ORDERS.

Dargie	Send immediately by <i>express</i> following seeds at catalogue prices.
Darken	Send immediately by <i>freight</i> following seeds at catalogue prices.
Darnel	Send immediately by <i>mail</i> following seeds at catalogue prices.
Dare	Send immediately the following by <i>freight</i> , per special quotations.
Dared	Send immediately by <i>express</i> the following, per special quotations.
Darling	Send immediately by <i>mail</i> the following, per special quotations.
Dasher	{ Send at once following ; let the other seeds follow as quickly as possible.
Dashing	{ Have you shipped our order? If not, increase if possible our order for to pounds (bushels).
Datary	{ Send immediately by <i>express</i> . Let balance of order follow by <i>freight</i> .
Dation	Duplicate our last order.

Foreign Orders are invoiced at the **lowest prices** prevailing upon **date of shipment**. In no case (except on Potatoes and farm seeds, subject to fluctuations) will prices be charged higher than quoted herein, while in **case of decline** in any lines our foreign customers (who, of course, cannot be kept so well posted in the value of American seeds) will receive full advantage of any **lower prices** that we may be quoting. Our export trade is increasing every year, and dealers, even in the most distant countries, who intrust their orders to us, can rely upon the same close attention and equally the **most favorable prices** that we are making at the same time, for the same quality and quantity, to American seedsmen.

Telegraphic Cipher (or Cable Code)

FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example :

Arad Navy, Purity, Benares, Calliope, Chalice, Malmo Balcony, would mean, ship at once, cheapest route, ten pounds each NAVY BLUE and SADIE BURPEE SWEET PEAS (white-seeded), twenty-five pounds each BURPEE'S ALLHEAD EARLY CABBAGE and OXHEART CARROT, and ten bushels BURPEE'S STRINGLESS GREEN-POD BEANS.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

IMPORTANT.—This telegraphic cipher must be used ONLY on orders by telegraph or cable, and never in written orders sent by mail.

TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

Dab Cefalu Carding Davit, Tokay Pallium Defix, would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.00 per pound, two hundred bushels BURPEE'S BEST EXTRA EARLY PEAS at \$3.00 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

Dare Calicut Chanter Dang, Mocha Bib Despoil, meaning : Ship at once by freight, as per special quotations, seventy pounds CHANTENAY CARROT at 35 cts. per pound, sixteen bushels BURPEE'S BUSH LIMA BEANS at \$5.25 per bushel.

By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

Best Seeds that Grow for 1907,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags,— giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and frequently directions for culture. Every package bears our full firm name, and is neatly printed in black ink, presenting a more attractive appearance than do the usual gaudy lithographed bags.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1907**.

W. ATLEE BURPEE & CO., Seed Growers.

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogues and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "cheap seeds," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention some years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

Hereafter we will sell Burpee's
Seeds ONLY in sealed packages.

Packets and ounces, in *Water-tight Manilla Bags*, are sealed, and bear, plainly printed, either **our Name or Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags, have pasted across the top a **green label**, as below :

SEEDS IN BULK,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have each sack sealed with our **Trade Mark on a leaden seal**.

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guarantee to the purchaser.

LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.

While every sack is sealed, the contents can be handled as desired,—except that they must not be sold as **BURPEE'S SEEDS, unless in original packages**.

Burpee's Best "Seeds that Grow"

CHOICEST ANNUAL FLOWERS

EACH VARIETY

5 CENTS

PER PACKET

BURPEE'S BOX OF FLOWER SEEDS.

This box, which is fully described on page 62, contains 200 packets of the most popular quick-selling varieties, all of the best quality.

BURPEE'S SEEDS GROW

BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This cabinet is an ornament to any store. A lid, fitting grooves in the side, accompanies each cabinet, making it practically dust proof when put away for another season's use. See page 63 for full description and list of varieties.

Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

☞ This Price List Cancels all Previous Quotations. ☚

☞ A Telegraphic Cipher (or Cable Code) is attached to each variety, by which orders can be wired at little expense,—using also our code for prices, weights, and measures as given on pages 2, 3, and 4. For example:

Darken Pelew Balcony would mean : Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEANS at catalogue price.

Dared Breda Cage would mean : Send immediately, by express, fifty pounds of best select JERSEY WAKEFIELD CABBAGE as per special quotation.

Darnel Amoy Lantern would mean : Send immediately, by mail, three pounds of seed of BIG BOSTON LETTUCE.

☞ Please use telegraph cipher only for telegraphic or cable orders.

Telegrams should be addressed,

W. ATLEE BURPEE & CO., Philadelphia.

Our Cable Address is: **BURPEE, Philadelphia.**

Lower Prices could easily be quoted were we not practical growers and testers of seeds ourselves.

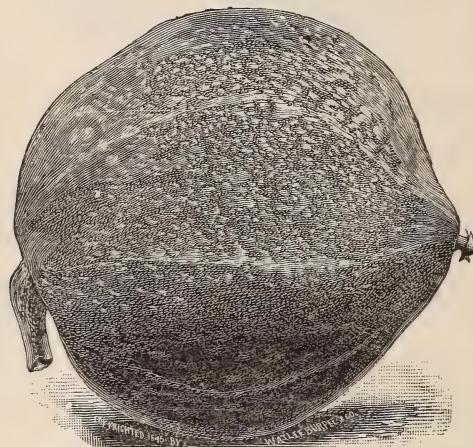

Were we willing to take simply the "say so" of other growers in America and Europe, without proving the stocks in greenhouses, frames, and open field trials, we should save thousands of dollars annually. In that case, however, we would never have built up and maintained,—in spite of all competition,—a business that is known to be the largest direct mail-order seed trade in the world.

At FORDHOOK and SUNNYBROOK FARMS we have not only the most extensive Trial Grounds in America, but also grow selected stocks of many of the choicest vegetables and flowers that can hardly be had of equal quality elsewhere.

About Squashes. Besides FORDHOOK FARMS we conduct extensive trial grounds in the light sandy soil of our SUNNYBROOK FARM in Southern New Jersey. Here are made annually the most extensive trials of all vine seeds.

Some years ago we found that even the best strains of squashes could be further improved. To-day, while not yet thoroughly satisfied that we have come sufficiently near to "perfection," we are confident that no strains of squashes are more carefully selected than those sold by us. Our strains of the three Hubbards, Fordhook, and Patty Pan Squashes are particularly fine.

FOUR HUBBARD SQUASHES,—weighing 84 pounds,—engraved from a Photograph.

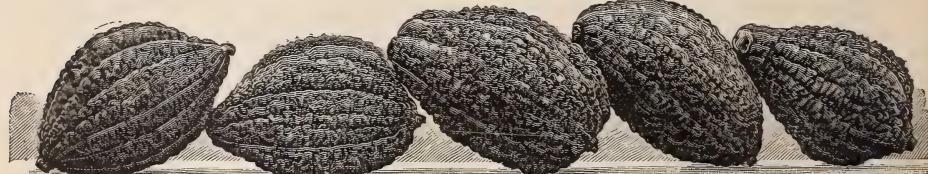

Grown by GEORGE H. SUGDEN, Plantsville, Connecticut, from Burpee's Seed of the true original Hubbard.

SQUASH,—Winter Varieties.

NOTE.—Ten pounds or more are invoiced at 100-pound rates.

COPYRIGHTED 1883 BY W. ATLEE BURPEE & CO.

FIVE HUBBARD SQUASHES,—weighing 162 pounds,—engraved from a Photograph.
Grown by W. A. WADSWORTH, R. F. D. 2, Canandaigua, N. Y., from Burpee's Seed of the original Hubbard.

The Best Tomato Seed produced in America to-day is grown at Fordhook and Sunnybrook Farms and by our private growers in Bucks County, Penna., and in New Jersey, subject also to our personal supervision.

This is a strong statement, but complete trials—repeated every season—at Fordhook, together with inspection of methods pursued by other careful growers, from the Atlantic to the Pacific, leave no doubt in our minds as to its absolute truth,—certainly concerning the special strains for which our house has so long been famous. Many extensive planters write us that they cannot obtain Tomato seed anywhere else, at any price, that is *quite equal to* BURPEE'S FORDHOOK- or SUNNYBROOK-GROWN. If you are in doubt, test some of our special strains alongside any other seed you are accustomed to use. We are willing to abide by the result of such comparative trials!

Grass Seed has for years received special attention at our hands. Samples of all the leading varieties are annually tested at FORDHOOK FARMS. In this way we have become acquainted not only with the best varieties for use in mixtures, but have learned also from experience the most desirable for all purposes.

We offer one grade only, and that the best that can be obtained, and do not handle any of the so-called "chaff" grades.

Our mixtures are all made up from first-class heavy seed, and this fact should be borne in mind when comparing prices.

Burpee's "Fordhook Finest" Lawn Grass.

Fordhook Finest is compounded from the best and most suitable grasses. From many experimental plantings of separate plots we know how to make the best possible blend. That we have been successful in securing the most desirable combination is shown by the character of the fine lawns at FORDHOOK FARMS (and many other country estates) which have been seeded with this mixture, and by the fact that we were awarded **THE GRAND PRIZE** at St. Louis in 1904 and the ONLY GOLD MEDAL for Lawns at the PORTLAND EXPOSITION, 1905. No other American firm received equal awards for Lawns at either Exposition.

It should be kept in mind, in comparing the price of FORDHOOK FINEST MIXTURE with the mixtures usually offered, that ours is all choice, clean, heavy seed, free from chaff.

Our mixture weighs from twenty-five to twenty-seven pounds per bushel as compared with the legal weight of fourteen pounds.

We put up this finest mixture in POUND BOXES, at \$2.20 per dozen. Seed in bulk, at 16 cts. per lb.; 100 lbs. or more at 15 cts. per lb.

ALSO,—
TWO
GOLD
MEDALS
IN 1905 AT
PORTLAND,
OREGON.

At The World's Fair, St. Louis, 1904, The Products of Burpee's Seeds, together with our growing exhibits, won TWO GRAND PRIZES,—THREE GOLD MEDALS and FOUR SILVER MEDALS

We Won The Grand Prize for Lawns,— while the products of BURPEE'S SEEDS also won A Grand Prize. In the exhibit of the State of Iowa, which was ALSO awarded A GRAND PRIZE,—all the Vegetables were grown from BURPEE'S SEEDS. This practically entitles us to claim the remarkable record of THREE GRAND PRIZES for the products of BURPEE'S SEEDS!

Gold Medals were awarded to us for our beds of *Begonia Vulcan*,—*Begonia Duchess of Edinburgh* and *The Burbank Rose*.

Silver Medals were awarded for our beds of *Lemoine* for our exhibits of *Burpee's Black Beauty Egg Plants* and *Chinese Giant Peppers*, of which fresh specimens were sent each week during the season from our fields in South Jersey.

Choice Strains of Tall Sweet Peas,

Including all the desirable varieties—both new and old.

By hundreds of thorough trials made every year at our famous FORDHOOK FARMS we know SWEET PEAS and the merits of all the many novelties as introduced. Keeping Purity and High Quality, rather than low prices, our first aim, we have become recognized as

Headquarters for Sweet Peas in America.

Each is *pure* and *true to name*,—vastly superior to the “Cheap Seed” so largely grown without the proper care in the constant selection that is absolutely necessary to maintain first-class stocks.

OUNCES of Sweet Peas are one-tenth pound prices, except that no variety will be supplied at less than four cents per ounce. Varieties priced at 35 cts. or less per pound are charged at ten cents per $\frac{1}{4}$ pound. Varieties priced at 45 and 50 cts. per pound are charged at 15 cts. per $\frac{1}{4}$ pound, while those priced at 60 cts. per pound are charged at 20 cts. per $\frac{1}{4}$ pound.

For full descriptions see THE FARM ANNUAL FOR 1907.

Cupids Mixed.	(10 lbs. at 28 cts. per lb),	<i>Hymn</i>	. . . 30

BURPEE'S FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce* will be supplied of varieties priced at 15 cts. or less per ounce.

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK AND SUNNYBROOK FARMS or by our private growers in America, all are tested thoroughly both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose gardens we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold. It is generally admitted that **we grow a larger area of Flower Seeds, and test all varieties more thoroughly on our own grounds, than do any other American seedsmen.**

 As is well known, we are headquarters for Sweet Peas (see preceding pages), supplying the most critical trade, both at home and abroad, with thousands of pounds annually.

 We call your attention especially to our Nasturtium seed, which is grown for us under careful supervision, and is of a quality much superior to the usual strains offered to the trade.

"Proved by Test."

"Proved by Test." Unless you should order some variety that we do not catalogue and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely **"Best by Test."**

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products "**true to type.**" This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK FARMS.

Burpee's Fordhook Farms are Famous as the Most Complete Trial Grounds in America!

Here (and
on our
Sunnybrook

Farm in Southern New Jersey) all things are tested, and we only "hold fast to that which is good!" The past year (1906), on our own farms, there were more than seven thousand trials in the open fields and more than fifteen thousand soil tests—in greenhouses, hot-beds, and cold-frames—for vitality,—making a total of more than twenty-two thousand tests!

The vitality can be tested easily before planting, but no one can tell from an examination of the seeds whether they are of a high-grade pedigree strain or the veriest rubbish.

The fact that more planters order direct from us,—year after year,—than from any other firm in the world shows that BURPEE'S SEEDS have been proved trustworthy. Mistakes, however, may occur sometimes, and no honest seedsman can assume responsibility for more than the price actually paid by the purchaser. The fact that for more than thirty years we have continued to state plainly that, where failure is due to any fault of the seed, we would promptly refund the full price paid, should convince even new customers that we have absolute confidence both in the quality of BURPEE'S SEEDS and in the thorough system of safeguards with which we surround their growing, cleaning, and packing.

Nowhere else in America is there expended so much time and money in "proving stocks" as on our Pennsylvania and New Jersey Farms, while at no other warehouse is greater care exercised in handling seeds than in the BURPEE BUILDING, Philadelphia.

If you desire to learn more about the care that surrounds our efforts in seed-growing and seed-selling,—with life-like photogravure illustrations,—please ask for a copy of BURPEE'S FARM ANNUAL FOR 1907.

BURPEE'S SEEDS GROW and are famous for the Uniform Excellence of their Products

BURPEE'S BULBS,—“*Best that Bloom.*” The bulbs offered are all of blooming size and first-class in every respect. You should ask, when ordering, for our leaflet, “*HOW TO GROW FLOWERS FROM BULBS.*” By thorough trials made each season in the fields at FORDHOOKE FARMS we know that no better bulbs can be had.

Sweet Corn, Burpee's New White Evergreen.®

Stowell's Evergreen has been so long the popular standby for main crop,—in the home garden, on the market and for canning,—that but few gardeners would look for any great improvement!

White Evergreen, however, is a much superior variety. It retains all the most desirable features, with the added merits of purer whiteness in color,—a more tender grain and distinctly sweeter flavor.

White Evergreen has ears fully as large as those of the regular *Stowell's*, and is about five days earlier, while the grains remain tender considerably longer. Its most valuable feature is the extreme paper-whiteness of the grains, which makes not only a more attractive ear when served on the table, but is most important for the canner. It retains its whiteness when put up in cans as distinct from the yellowish tinge of the original *Stowell's Evergreen*.

White Evergreen makes strong vigorous stalks, seven feet in height. The ears have white tassels and light-colored silk. The ears contain sixteen or more rows of deep grains, which are protected by a thick, heavy husk. Two and even three fine ears are frequently produced on each stalk.  Choicest seed grown by the originator. Per bushel \$3.00; 2 bushels at \$2.85 per bushel; 10 bushels or more at \$2.75 per bushel.

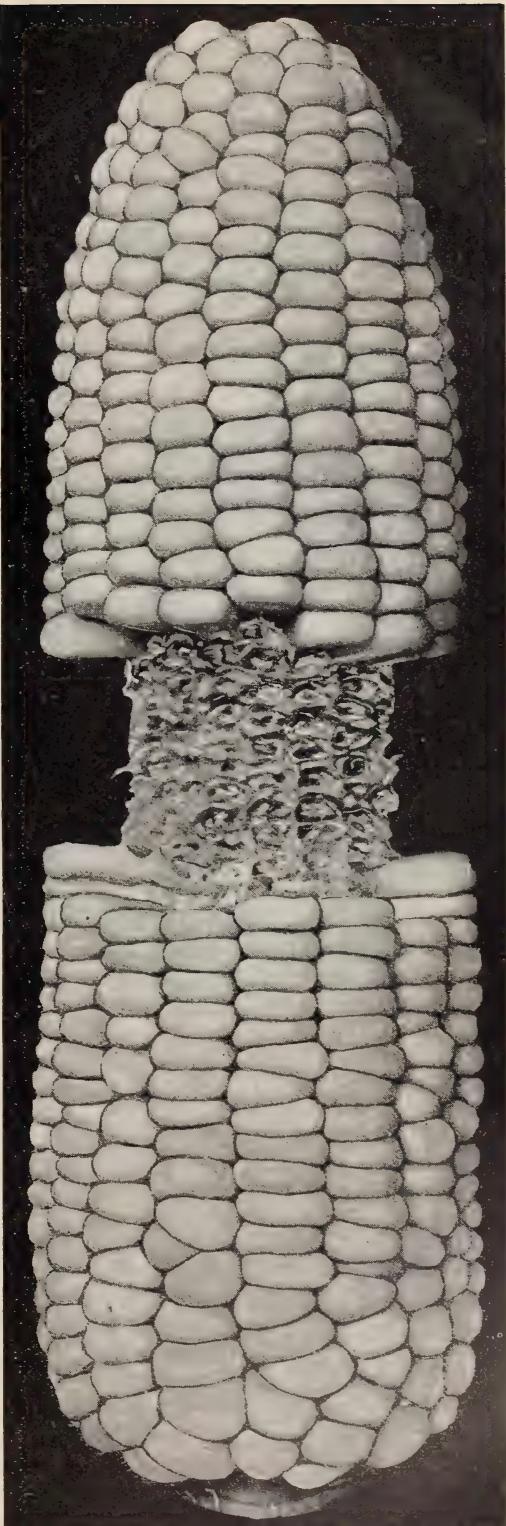

Our Sweet Corn is all Eastern grown. We do not handle the cheaper *Nebraska-grown*, as this is apt to show glaze. For all other Sweet Corn,—see pages 16 and 17.

Burpee's Farm Annual for 1907 has been mailed to all who are entitled to receive it without writing for a copy.

Have you received a Copy?

If not and you intend ordering seeds you should write at once for a copy—a postal card will do. Each year we endeavor to make THE FARM ANNUAL better and are satisfied that never before have we been able to offer planters a finer lot of novelties or seed of a higher quality. Remember, letters reach us safely if addressed simply—

Burpee, Philadelphia.

SWEET PEAS FOR THE MILLION

25 Cents buys these Eight
Superb Sweet Peas,—

Including one full-size packet of the new *Gigantic "Orchid-flowered Seedlings of COUNTESS SPENCER*, as illustrated and described on page 143; a regular ten-cent packet each of the lovely ruffled pink *GLADYS UNWIN*, described on page 140, and also of Eckford's new "violet-blue" *ROMOLO PIAZZANI* and deep maroon *BLACK MICHAEL*, as described on page 140. Also a full-size packet each of *DOROTHY ECKFORD*, the best white, *MARCHIONESS OF CHOLMONDELEY*, cream, overlaid with light pink, and a large ten-cent packet of the unequalled *Special New BURPEE'S BEST MIXED FOR 1907*.

With the above seven we include *ten seeds* (such as sold last year alone for 65 cts.) of *Eckford's Wonderful New Scarlet QUEEN ALEXANDRA*, described on page 139. We reserve the right, however, after fifteen thousand of these collections are sold and our stock is nearly exhausted, to send, instead, a packet of ten seeds of the unique new "*Henry Eckford*," which likewise sold last year at 65 cts. for ten seeds! In each Collection Bag we include not only our up-to-date *Leaflet on Culture*, but also one packet of the beautiful improved new *Covent Garden Gypsophila*, which is so easily grown and of which the graceful, dainty sprays impart such an attractive appearance to a bouquet of Sweet Peas.  Never before have we been able to offer such a valuable collection of Sweet Peas for "only a quarter."

25 Cts. buys the Complete Collection of Nine Packets, postpaid; Five Collections mailed for \$1.00.

For 50 Cts. we will mail all the above, and also one regular packet each of *Burpee's Re-selected*

"Earliest of All," as described on page 178,—the new *David R. Williamson*, the *True Countess Spencer*, and *Helen Lewis*; *Flora Norton*,—*The Hon. Mrs. E. Kenyon*, and *King Edward VII*.  In all, 16 pkts. for 50 cts.,—a truly Magnificent Collection!

Burpee's "Full-Pound" New Dollar Box contains one package each of the following Sixteen Superb Tall Sweet Peas, which are hardly equaled by any similar colors yet sold by the ounce: *Gigantic Orchid-flowered Seedlings of Countess Spencer*,—*Helen Lewis*,—*John Ingman*,—*Dorothy Eckford*,—*Burpee's Dainty*,—*Flora Norton*,—*Lord Marchioness of Cholmondeley*,—*Lovely*,—*Burpee's Janet Scott*,—*Burpee's Re-selected "Earliest of All"*,—*Hon. Mrs. E. Kenyon*,—*Burpee's Navy Blue*,—*King Edward VII*,—*Lady Grisel Hamilton*,—*Mrs. Dugdale*,—and *Burpee's "Latest Special" Improved Best Mixed for 1907*.

 At regular prices "per oz." these amount to \$2.50, but all sixteen ounce packages, neatly boxed, will be mailed to any address in the United States upon receipt of One Dollar.

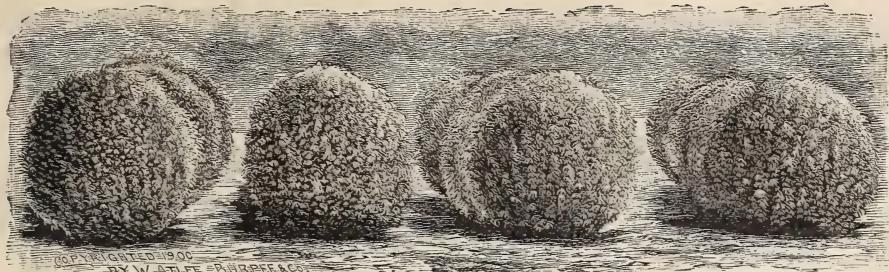

For One Dollar we will send all the above, but instead of a packet we will send one full ounce of *Burpee's Best Mixed for 1907*, together with a regular size packet of the following superb novelties: *Evelyn Byatt*,—*Sybil Eckford*,—*Phyllis Unwin*,—*John Ingman*,—*Scarlet Gem*,—*Burpee's Earliest White* and *Burpee's Earliest Sunbeams*, as described on pages 137 to 142. This unequalled **DOLLAR BOX FOR 1907** contains also one regular size packet each of *Aurora*,—*Blanche Burpee*,—*Janet Scott*,—*Sue Earl*,—*Navy Blue*, and *Burpee's Sunproof Salopian*.

 In all, these Twenty-nine Packets, even at our moderate prices for 1907, at regular rates "per pkt." amount to \$2.40, but all are included in this Special **DOLLAR BOX**,—mailed, postpaid, to any address in the United States and to foreign countries with which we have *Parcels Post*.

 In every instance the pages referred to are those of THE FARM ANNUAL FOR 1907.

 See pages 45 to 48 of this catalog, where all desirable varieties of Sweet Peas are offered—the best of both old and new. We are "Headquarters on Sweet Peas."

Wholesale. We offer any of the quick-selling popular 25-cent collections at \$1.80 per dozen or \$13.50 per hundred collections. For the Fifty-cent collection we charge 28 cents each, and 60 cents each for either of the "Dollar Boxes," by freight or express, at purchaser's expense for transportation charges.

Rows of the quick-growing annual KOCHIA SCOPARIA,—from a Photograph taken at Fordhook Farms.

Burpee's GEM COLLECTION of Annuals.

For 25 Cts. we will mail one packet each of
the following:

FORDHOOK FAVORITE ASTERS, as described
on page 155;—BURPEE'S DEFIANCE

BALSAMS, illustrated on page 156;—

BURPEE'S NEW "MAGNIFI-

CENT" CELOSIA, offered on page

148; BURBANK'S CRIMSON-

FLOWERING ESCHSCHOLTZIA,

illustrated on page 152;—the beautiful

"Burning Bush," KOCHIA

SCOPARIA, described on page

161;—FORDHOOK FINEST

MIXED MIGNONETTE, offered

on page 163;—The Burpee Blend of

NEW GIANT-FLOWERED

PANSIES, as described on page 147;

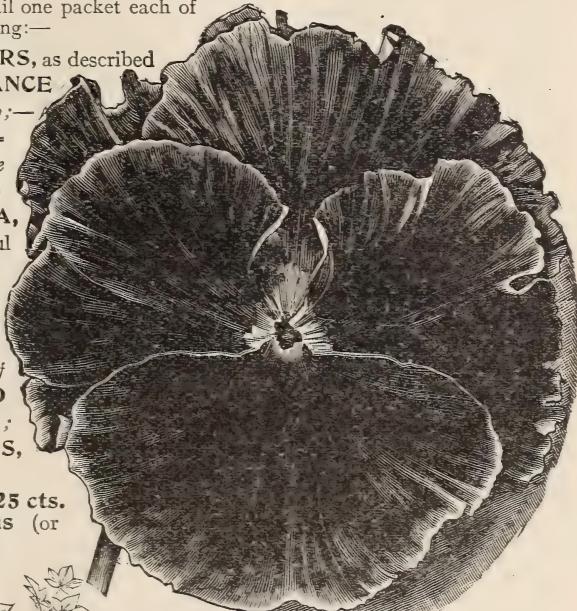

and FORDHOOK FAIRY POPPIES,

as described on page 170.

All eight packets mailed for 25 cts.

Five Complete GEM Collections (or

any five collections) for \$1.00.

COPYRIGHTED 1900
BY W. ATELL BURPEE & CO.

Six of the Best Nasturtiums.

For 25 Cts.

we will mail one fifteen-cent packet of Variegated Queen Nasturtium,—the first of Burpee's New "Royal-Race" of Variegated-Leaved Tall Nasturtiums, illustrated and described on page 136;—one full-size ten-cent packet each of Burpee's Giant-Flowered and Tall Ivy-Leaved Mixed,—also Burpee's "Brilliant Beauties" Tom Thumb and Burpee's Bush Ivy-Leaved Mixed, together with a large packet of Dwarf Lilliput Mixed. Purchased separately these six packets would cost 60 cts!

Wholesale. This and the other popular quick-selling 25-cent collections are supplied at \$1.80 per dozen, or \$13.50 per one hundred collections sent by express or freight at purchaser's expense.

In every instance the pages referred to are those of THE FARM ANNUAL FOR 1907.

BURPEE'S BOX OF FLOWER SEEDS

THIS box of **CHOICE FLOWER SEEDS**, put up in a neat and attractive style, contains the same **fine quality of fresh seed** as supplied to our own critical retail trade. Dealers having had frequent complaints from the flower seeds usually sold, will now find this a pleasing and profitable department of their business. The selection embraces the most popular and quick-selling varieties.

EACH BOX CONTAINS

Five 5-Cent Packets each of

ALYSSUM,—Sweet.	NASTURTIUM,—Tom Thumb, Burpee's "Gorgeous" Mixture of New Varieties.
ASTER,—Choice Mixed.	NASTURTIUM,—Fordhook Favorite Climbing, Mixed.
" Finest Mixed Comet.	NASTURTIUM,—Hybrids of Madame Gunter.
BALSAM,—Burpee's Superb Camellia-Flowered, Mixed.	PANSY,—Fordhook Bedding, Mixed. " Odier Large Blotched.
CALENDULA,—Double, Mixed.	PETUNIA HYBRIDA,—Mixed.
CALLIOPSIS,—Fine Mixed.	PHLOX DRUMMONDII,—Large Flowering, Mixed.
CANDYTUFT,—Mixed.	POPPY,—Fordhook Fairies, Fine Mixed. " The Shirley.
CARNATION,—Marguerite, Mixed Colors.	PORTULACA,—Finest Single, Mixed.
CENTAUREA,—New Double, Mixed.	SALVIA SPLENDENS,—Scarlet Sage.
CHRYSANTHEMUM,—Annual Varieties, Mixed.	SCABIOSA (Mourning Bride),—Dwarf Double, Mixed.
COCKSCOMB,—Dwarf, Mixed.	STOCKS,—Dwarf German, Mixed.
COSMOS,—All Colors Mixed.	SWEET PEAS,—Eckford's New, Mixed. " " Fordhook "Fancy Flaked," Mixed.
CYPRESS VINE,—Mixed.	" " Burpee's "Best Mixed" New Giant.
DIANTHUS,—Japan and China Pinks, Mixed.	SUNFLOWER,—Many-Flowered, Double.

MARIGOLD,—French Double, Dwarf, Mixed.	
MARVEL-OF-PERU (Four o'clock),—all Colors.	
MIGNONETTE,—Mixed.	
MORNING GLORY,—Tall, Mixed. " " Imperial Japanese.	

In all, 200 Packets of Flower Seeds.

40 Varieties, five packets of each, making a total of 200 packets, which, if sold at 5 cts. per packet, amount to a **total retail value of \$10.00**.

Wholesale Price to the Trade, **\$4.00** for the Box complete.

It can be sent by mail for 20 cts. additional.

ADDITIONAL PACKETS

of any of the varieties mentioned above, to fill up the box, will be supplied at the uniform price of

\$2.50 per 100 packets, or

\$2.00 per 100 packets, when 500 packets or more are ordered at one time.

BURPEE'S 25-CENT FLOWER SEED COLLECTIONS sell quickly and allow the dealer a margin of ten cents on each collection. Our collections for 1907 are better than ever before,—see pages 60 and 61.

BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This is a handsome cabinet, beautifully finished in hardwood, that will be an ornament to any store. It stands 40 inches high and is 30 inches broad, divided into 48 compartments. The front of each packet of seed is shown, while the packets are held in place by a neat metal bar across each compartment. Cost of cabinet alone is \$4.00, but we will supply the **cabinet complete**, filled with 1000 packets of seed as enumerated below, for \$20.00.

The sale of these (at 5 cts. per packet) will allow a clear **profit of \$30.00**, and give the cabinet **Free**.

Burpee's New Vegetable Seed Cabinet contains 1000 Packets as per List given below.

6 Asparagus,—Barr's Mammoth.	12 Onion,—Yellow Globe Danvers.
12 Beet,—Crosby's Egyptian.	12 " Yellow Dutch, or Strasburg.
18 " Burpee's Extra Early Turnip.	24 " Extra Early Red.
24 " Burpee's Improved Blood Turnip.	34 " Large Red Wethersfield.
12 Cabbage,—Early Jersey Wakefield.	18 " Southport Red Globe.
18 " Early Winnigstadt.	6 " White Portugal, or Silverskin.
12 " Henderson's Early Summer.	8 " White Queen, or Extra Early Barletta.
18 " Premium Flat Dutch.	8 " Burpee's Mammoth Silver King.
18 " Early Dwarf Flat Dutch.	12 Parsley,—Extra Curled Dwarf, or Emerald.

12 " " Striped Gypsy, or Georgia Rattlesnake.	30 Ruta Baga,—Improved Purple-Top Yellow.
	8 Herb,—Sage.
	6 " Sweet Marjoram.

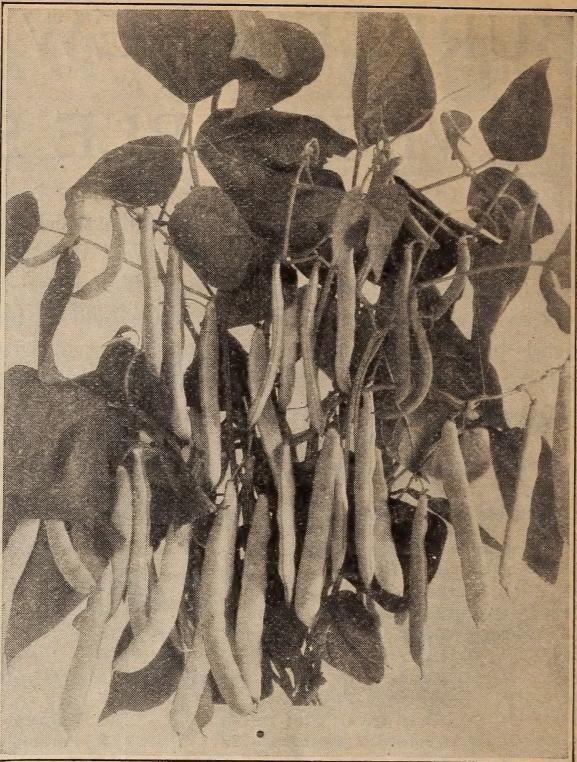

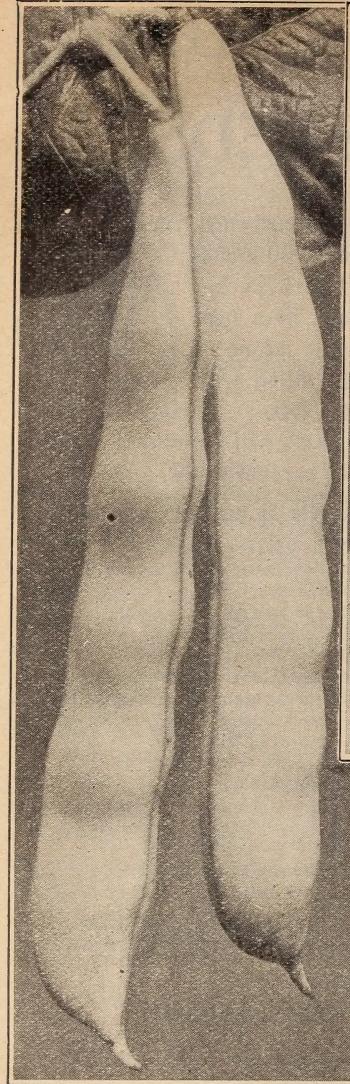

ADDITIONAL PACKETS

of any of the varieties mentioned above, to fill up the cabinet, will be supplied at the uniform price of

\$2.50 per 100 packets, or

\$2.00 per 100 packets, when 500 packets or more are ordered at one time.

Large-Seeded Stringless Bush Bean,— 55 Burpee's White Wax.○

This grand novelty has met with the hearty approval of our friends. From planters in all sections, we have received numerous letters most enthusiastic in praise of its value,—see *prize reports in our THIRTIETH ANNIVERSARY SUPPLEMENT*. The following description is compiled from these reports:

The plants are of vigorous healthy growth, and stiffly erect; the stout branches hold the pods well above the soil and keep them free from rust. Early plantings of BURPEE'S WHITE WAX made a vigorous healthy growth where other varieties were injured or

killed by cold wet weather. The plants attain a height of eighteen inches and are *thickly set with fine golden-yellow pods*,—many reporting from sixty to one hundred and twenty pods on a single plant.

The bright lemon-yellow pods average five to six inches in length, perfectly straight and uniform in outline; flat but fleshy, juicy and of delicious flavor. They are *entirely stringless* at all stages.

Planted side by side at the same time, it *outyielded* the prolific Davis White Wax, was entirely free from rust and *incomparably superior in quality!* Planters report that for *snapshots*, for *green shell beans*, and as a dry bean BURPEE'S WHITE WAX is the finest they have ever grown.

Burpee's White Wax is "the long-looked-for bean"—a strong vigorous grower, very productive; bearing large quantities of pods which excel in handsome appearance and table quality, while it is the *only hardy White-seeded Wax bean of really fine quality!* The beans being of the *purest white*, present the most attractive appearance when cooked;—the *fresh pods remain tender longer than those of any other variety*. The plants continue in bearing for a long period. *The seed can be had only direct from us,—under our registered trade-mark.*

Wholesale: Per peck \$1.75; per bushel \$6.50.

BURPEE'S EARLIEST PINK TOMATO.—from a Photograph.

New Tomato,—Burpee's Earliest Pink.®

Fully as early as Sparks' Earlianæ! Better in quality, more handsome and nearly if not quite as productive of first-early tomatoes, while the vigorous vines continue to bear most abundantly throughout the season!

Burpee's Earliest Pink

Ziegler is a market grower, making a specialty of Tomatoes for the New York markets, and claims this to be **the very earliest, most productive, and best pink-fruited tomato.** From visits to his farm and our own crops, the past season, we know his claims,—stated below,—are true!

First: The plants are of *close compact growth* with numerous large clusters of fruits, yet have ample foliage to protect the tomatoes from sunscald. The young plants in the starting-bed are so dwarf and compact that they seem to grow in a bush form.

Second: The young plants uniformly make "crown-sets" in the plant-bed. These "crown-sets" come in large clusters averaging ten or more individual flowers, and give the first pickings of ripe tomatoes, which sell wholesale at \$2.50 or more per crate.

Third: The plants are *exceptionally hardy*. Mr. Ziegler grows his early plants in frames covered with muslin, and by the time they are ready to set in the field the beds are *yellow with bloom*, while many of the plants have flower-buds showing also on the side shoots.

Burpee's Earliest Pink

pink in color and *exceptionally solid*, having a free from core or hard center and have only very small seed spaces around the outer edges. They are of a peculiarly *sweet and fine flavor*,—free from acidity. The fruits are set in large clusters and run from two and a half to three and a half inches in diameter, smooth and exceptionally free from cracks or blemishes. Mr. Ziegler's tomatoes are all shipped to New York, and a comparison of his returns from daily shipments showed an advance of forty to fifty cents per crate above the prices realized for earliest red tomatoes at the same time. We feel assured, therefore, that in BURPEE'S EARLIEST PINK we offer a tomato

which will be a great "money maker" for all planters who grow first-early fruits for market,—while it will be equally appreciated in the home garden.

1111 Burpee's "Earliest Pink." The choicest seed of our own growing at *Fordhook Farms* and at our *Sunnybrook Farm* is sold at the following prices: \$7.50 per lb.; ten pounds or more at \$7.25 per lb., wholesale.

1115 Burpee's "Earliest Pink." Seed grown by the originator in northern New Jersey, which can be had only under our Registered Trade Mark; Wholesale: \$9.00 per lb.

originated seven years ago on the farm of CHAS. H. ZIEGLER, Middlesex County, New Jersey. Mr.

Fourth: Early Ripening. For several seasons past Mr. Ziegler has picked this new pink tomato for market as early and in as large quantities as his neighbors who plant the earliest red-fruited Sparks' Earlianæ! He obtains a much higher price for his "Earliest Pink" Tomatoes by reason of their finer appearance and superior quality.

Fifth: Productiveness. Mr. Ziegler has now discarded all other varieties, and plants the EARLIEST PINK exclusively,—making but a *single planting*. He fertilizes with rotted manure in the hill, and the plants are of such vigorous growth that they continue to set and develop fine fruits throughout the season,—instead of dying off after the first extreme early crop has been gathered, as does the popular Sparks' Earlianæ.

produces, in great abundance, fine fruits of medium size, smoothly rounded, of deep form, bright broad meaty heart. The tomatoes are entirely

free from core or hard center and have only very small seed spaces around the outer edges. They are of a peculiarly *sweet and fine flavor*,—free from acidity. The fruits are set in large clusters and run from two and a half to three and a half inches in diameter, smooth and exceptionally free from cracks or blemishes. Mr. Ziegler's tomatoes are all shipped to New York, and a comparison of his returns from daily shipments showed an advance of forty to fifty cents per crate above the prices realized for earliest red tomatoes at the same time. We feel assured, therefore, that in BURPEE'S EARLIEST PINK we offer a tomato

which will be a great "money maker" for all planters who grow first-early fruits for market,—while it will be equally appreciated in the home garden.

New Tomato,—Burpee's Earliest Pink.

Only Seventy-one Days from Seed to Ripe Fruit!

MRS. H. E. BELL, Warren, Texas, September 3, 1906, writes:—BURPEE'S EARLIEST PINK is all you claim for it and more, being very early, large and smooth and ripens well. Seed planted by me April 16th produced large well-ripened fruits June 26th, and I have gathered from them ever since up to the present, September 3d, large smooth tomatoes measuring from $10\frac{1}{2}$ to $11\frac{1}{4}$ inches in circumference and the plants are still bearing. They stand both dry and wet weather better than any tomato I have ever raised.

Ripe Tomatoes on July 3d.

MRS. J. L. SPANGENBERG, Belvidere, N. J., September 10, 1906, writes:—BURPEE'S EARLIEST PINK is the earliest tomato I have ever had. I had ripe tomatoes by the 3d of July. I have tried Chalk's Early Jewel, Matchless, Truckee's Favorite and the Earliana with good success, but EARLIEST PINK beats all others.

"Superior in Flavor; Nearly Twice as Many."

E. E. BROWN, 8307 Pleasant Avenue, Minneapolis, Minn., September 16, 1906, writes:—My seed was planted the 27th of May in the hill where they grew and I picked my first ripe fruit the 31st of July. As an early tomato I know of nothing to beat them. They were fully as early as Early Ruby and far superior in flavor and produced nearly twice as many. I have gathered to date (and there are still many green ones left) an average of twenty-six and a half pounds to each plant I have out.

The Earliest in Maine!

CLARENCE M. MANN, Orono, Maine, Sept. 3, 1906, writes:—I planted the seeds of your EARLIEST PINK TOMATO April 6th in a box in my kitchen and on May 11th I transplanted them into three-inch pots. May 28th I put them out into the open air. They were hit twice by frost, but on June 15th I set them in the garden. August 7th I picked my first ripe tomato, making just four months and one day from seed to fruit.

I have tried all of the so-called early tomatoes and had settled on Dwarf Champion, but your EARLIEST PINK has beaten them one month and four days.

Many of my EARLIEST PINK TOMATOES weighed 15 ounces. The cluster from which I am sending you a photograph was picked August 24th and contained sixteen large tomatoes and weighed four pounds and two ounces. EARLIEST PINK is the most productive tomato I ever saw,—simply all fruit. Taking into consideration its hardiness, earliness, productiveness and fine flavor, it is certainly the grandest tomato ever introduced.

From Seed to Market in Seventy-three Days!

MRS. EMMA DURFEE, R. F. D., Newark, N. Y., September 18, 1906, writes:—Seed of BURPEE'S EARLIEST PINK TOMATO was sown in open ground May 18th. The young plants, transplanted June 20th, gave the first picking of ripe fruit July 30th, just ten weeks and three days from time of seed sowing.

Drops Sparks' for Burpee's Earliest Pink.

D. C. ALLEN, Box 685, Rochester, Ind., August 27, 1906, writes:—I have grown Sparks' Earliana—they were my favorite; but in future I shall grow BURPEE'S EARLIEST PINK, the finest tomato I ever raised. Your Golden Bantam Sweet Corn set every one crazy around here and I have had a great many requests for some of the seed.

Earlier than Earliana in Vermont!

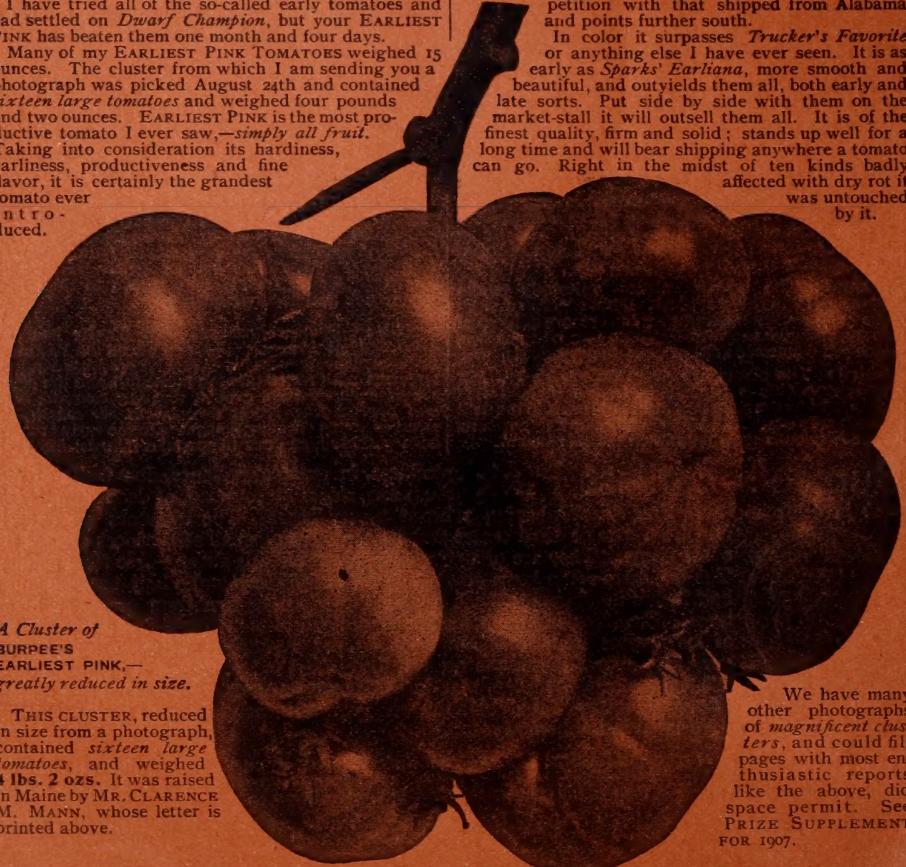

GEO. K. TAFT, Richmond, Vt., Sept. 29, 1906, writes:—BURPEE'S EARLIEST PINK, grown on the same soil, ripened seven days earlier than Sparks' Earliana and twelve days earlier than Chalk's Jewel. It is more vigorous in growth, with larger stalks and larger clusters of fruit than the Earliana, and about the same as to growth and size as the Jewel, but far excelling that variety in its habit of clustering. In my opinion it is a much more valuable variety than either.

As Early as Earliana,—Outyields all Others!

H. F. STRATTON, Lebanon, Tenn., Oct. 1, 1906, writes:—Seed sown in hot-bed Feb. 24th, germinated quickly, and plants hardy, vigorous, stocky, and strong from start to finish. Set in open ground April 15th. Withstood several frosts.

We picked a few ripe tomatoes in May, and June 1st began taking to market. We were on the market nearly a month before any one else, and sold tomatoes for 25 to 30 cents per dozen to merchants who retailed for 30 to 50 cts. These facts can be verified by necessary by the dealers who know that I was the only local grower on the market, and selling my fruit in competition with that shipped from Alabama and points further south.

In color it surpasses Truckee's Favorite or anything else I have ever seen. It is as early as Sparks' Earliana, more smooth and beautiful, and outyields them all, both early and late sorts. Put side by side with them on the market-stall it will outsell them all. It is of the finest quality, firm and solid; stands up well for a long time and will bear shipping anywhere a tomato can go. Right in the midst of ten kinds badly affected with dry rot it was untouched by it.

A Cluster of
BURPEE'S
EARLIEST PINK,—
greatly reduced in size.

THIS CLUSTER, reduced in size from a photograph, contained sixteen large tomatoes, and weighed 4 lbs. 2 ozs. It was raised in Maine by Mr. CLARENCE M. MANN, whose letter is printed above.

We have many other photographs of magnificent clusters, and could fill pages with most enthusiastic reports like the above, did space permit. See PRIZE SUPPLEMENT FOR 1907.
